

- *Investment in Proprietary Club Shares.* Market values have been used to determine the fair value of listed proprietary club shares.

As of December 31, 2019 and 2018, the Parent Company considers its investment in proprietary club shares with fair values of ₱7.3 million and ₱6.5 million under Level 1 classification, respectively (see Notes 3 and 13).

During the reporting period ended December 31, 2019, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurements.

23. Lease Agreements

The Parent Company has entered into various leases for office spaces, parking lots and parcel of land which include those with respect to its LLA with PSALM (see Note 25). Leases of office spaces and parking lots generally have lease terms of three years, while lease of parcel of land generally has a lease term of 25 years. Total rent expense charged to operations amounted to ₱1.6 million, ₱6.2 million and ₱6.5 million in 2019, 2018 and 2017, respectively (see Note 17).

Set out below are the carrying amounts of the Company's right-of-use assets, presented as part of property, plant and equipment, and lease liabilities and the movements during the year ended December 31, 2019:

	Right-of-use assets			Lease liabilities
	Land	Office Space	Total	
As at January 1	₱131,400	₱1,263,879	₱1,395,279	₱1,263,879
Additions	—	9,263,019	9,263,019	9,263,018
Depreciation expense	(121,292)	(3,719,612)	(3,840,904)	—
Interest expense	—	—	—	680,963
Payments	—	—	—	(2,705,578)
As at December 31	₱10,108	₱6,807,286	₱6,817,394	₱8,502,282

As of December 31, 2019, current and noncurrent portion of lease liabilities amounted to ₱5.1 million and ₱3.4 million, respectively.

Set out below are the amounts recognized in the parent company statement of comprehensive income for the year ended December 31, 2019:

Depreciation expense of right-of-use assets	₱3,840,904
Interest expense on lease liabilities	680,963
Rent expense - short-term leases (see Note 17)	1,649,624
	<u>₱6,171,491</u>

Shown below is the maturity analysis as of December 31, 2019 of the undiscounted lease payments:

	Amount
1 year	₱5,487,579
more than 1 year to 2 years	3,497,694
	<u>₱8,985,273</u>

24. Notes to Parent Company Statements of Cash Flows

Changes in liabilities arising from financing activities in 2019 and 2018 are as follows:

	January 1, 2019	Dividend Declaration	Amortization of Transaction Costs	Additions	Cash Flows	December 31, 2019
Dividends payable (see Note 15)	P-	P1,646,206,983	P-	P-	(P1,646,206,983)	P-
Lease liabilities (see Note 23)						
Principal	1,263,879	-	-	9,263,018	(2,024,615)	8,502,282
Interest	-	-	-	680,963	(680,963)	-
	P1,263,879	P1,646,206,983	P-	P9,943,981	(P1,648,912,561)	P8,502,282

2018						
	At January 1	Dividend Declaration	Amortization of Transaction Costs	Others	Cash Flows	At December 31
Dividends payable (see Note 15)	P-	P1,197,241,442	P-	P-	(P1,197,241,442)	P-

2017						
	At January 1	Dividend Declaration	Amortization of Transaction Costs	Others	Cash Flows	At December 31
Long-term debt	P576,228,515	P-	P-	P1,549,263	(P577,777,778)	P-
Dividends payable (see Note 15)	3,259,265	1,197,241,441	-	-	(1,200,500,706)	-
	P579,487,780	P1,197,241,441	P-	P1,549,263	(P1,778,278,484)	P-

The outstanding loan balance as at January 1, 2017 was paid on October 28, 2017. Interest expense from this loan amounted to P19.2 million in 2017, including amortization of transaction costs of P1.5 million. Others in 2017 pertain to amortization of transaction costs on the long-term debt.

25. Other Matters

Electricity Power Industry Reform Act (EPIRA) of 2001

On June 8, 2001 the EPIRA was signed into law and took effect on June 26, 2001. The law provides, among others, for the privatization of the assets of NPC, the creation of PSALM to accept transfers of all assets and assume all outstanding obligations of NPC, and the restructuring of the electric power industry sector as a whole. The law also provides for the mandate and framework to introduce competition in the electricity market and penalize anti-competitive behaviour. The IRR of the EPIRA was approved by the Joint Congressional Power Commission on February 27, 2002.

The EPIRA and its covering IRR provide for significant changes in the power industry including the following: (i) Competition in the retail supply of electricity; (ii) Open access to the transmission and distribution systems; (iii) Establishment of a Wholesale Electricity Spot Market (WESM); (iv) Unbundling of the generation, transmission and distribution rates; and (v) Removal of existing cross-subsidies provided by industrial and commercial users to residential customers.

An important milestone in the Philippine power industry was reached when the WESM began commercial operations on June 23, 2006. In the Visayas region, WESM started operations on December 26, 2010. The establishment of the WESM is one of the preconditions to retail competition and open access required by the EPIRA.

Ancillary Services Procurement Agreement (ASPA)

On May 26, 2015, the Parent Company entered into an Ancillary Services Procurement Agreement (ASPA) with the National Grid Corporation of the Philippines (NGCP) that took effect on September 26, 2015 after getting the provisional approval of the ERC. The Parent Company and NGCP executed the ASPA for the supply of dispatchable reserve and reactive power support from its Cebu Diesel Power Plant located in the City of Naga, Cebu for a period of five (5) years under a non-firm arrangement. The ASPA was pre-terminated on July 13, 2018 due to the return of the Cebu Diesel Power Plant to PSALM.

On December 18, 2018, the Parent Company entered into an ASPA with NGCP for the supply of dispatchable reserve and reactive power support from the former's 4x7 MW Power Barge (PB) 104 located in Tapal Wharf, Ubay, Bohol under firm and non-firm arrangements. The term of this agreement is for a period of five (5) years commencing upon receipt of a final approval, or in the absence thereof, a provisional approval by the ERC of the application filed on February 14, 2019. The ASPA was implemented effective September 26, 2019.

Land Lease Agreements (LLA)

The Parent Company entered into LLAs with PSALM (as Lessor) in furtherance of and as an ancillary contract to the respective Asset Purchase Agreement (APA) with PSALM governing the sale of assets as follows:

- *LBGTs.* On January 29, 2010, the Parent Company executed the LLA with a term of 10 years up to January 28, 2020 which may be renewed or extended for another period of 10 years or the remaining corporate life of PSALM, whichever is shorter, upon the mutual written agreement of the parties. The rentals which were paid in full on March 25, 2009 (the "Closing Date") amounted to ₱1.2 million.
- *153.1 MW Naga Power Plant (consisting of CTPP 1, CTPP 2 and CDPP 1) .* On September 25, 2014, the Parent Company executed the LLA with a term of 25 years from Closing Date, which may be renewed or extended for another period of 25 years or the remaining corporate life of PSALM, whichever is shorter, upon the mutual written agreement of the parties. The rentals which were paid in full in 2014 amounted to ₱712.5 million including withholding tax borne by the Parent Company.

Under the LLA, the Parent Company shall use and occupy the leased premises primarily for the operation, management, expansion and maintenance of the power plants, and shall not assign or transfer any of its right under the LLA or sublease all or any part of the leased premises without the prior consent of PSALM.

The LLAs cover an option to purchase optioned assets within the leased premises that may be offered by the Lessor. The purchase price (on a per square meter basis) shall be equivalent to the highest of the following valuations and/or amounts: (i) the assessment of the Provincial Assessor; (ii) the assessment of the Municipal or City Assessor; and (iii) the zonal valuation of the Bureau of Internal Revenue. The unused rentals corresponding to the area of the optioned assets over which the option was exercised shall be deducted from the purchase price.

The current portion of the remaining prepaid rent amounting to nil and ₱0.1 million as of December 31, 2019 and 2018, respectively are presented as part of "Prepayments and other current assets" in the parent company statements of financial position and the noncurrent portion amounting to nil and ₱0.1 million as of December 31, 2019 and 2018, respectively are presented as part of "Other noncurrent assets" in the parent company statements of financial position.

Rent expense under the LLAs amounted to nil in 2019 and ₱0.1 million in 2018 and 2017 respectively (see Notes 17 and 19).

The Parent Company, at its own expense, shall be solely responsible for obtaining all the necessary authorizations, licenses and permits for any alterations, additions, facilities, improvements and installations introduced on the leased premises by or for the benefit of the Parent Company.

Pursuant to the provisions of the LLA, within a period of 180 days from the termination of the LLA or expiration of the lease term, the Parent Company is obliged to perform activities to facilitate clean-up, return and surrender of the leased premises (see Notes 3 and 4).

Acquisition and Turnover of the 153.1 MW NPPC

Prior to the expiration of the OMSC on September 25, 2014, the Parent Company purchased the NPPC after exercising its "right-to-top" (RTT) the winning bid, which right was pursuant to the LLA with PSALM that was executed when the LBGTs were acquired by the Parent Company in 2010. Pursuant to the APA executed by the Parent Company and PSALM covering the purchase of the assets consisting of the thermal and diesel power plants (CTPP 1 and CTPP 2, and CDPP 1), the Parent Company paid PSALM a total of ₱463.3 million. The Parent Company and PSALM also entered into an LLA, as an ancillary contract to the APA, covering the land where the purchased assets are located, and paid in full the total lease rentals amounting to ₱712.5 million. Following the issuance of Notice of Award on July 28, 2014 and after completing all the conditions for Closing, PSALM turned over the NPPC to the Parent Company on September 25, 2014, coinciding with the termination of the OMSC.

More than one year after PSALM awarded the NPPC to the Parent Company, the Supreme Court (SC) declared the APA and the LLA for the sale of the NPPC to be null and void per decision promulgated on September 28, 2015.

On December 1, 2015, the Parent Company filed its Motion for Reconsideration of the SC Decision dated September 28, 2015. In said Motion for Reconsideration, the Parent Company stressed that, as the owner of the LBGT and the lease on the land on which the LBGT stands, it has an interest in the whole of the Complex and not just within the leased premises. This is due to the fact that the Parent Company's payment for the LBGT necessarily includes payment for the RTT, the LBGT and the land subject of the LBGT-LLA which forms part of the Complex, and the Parent Company shares in the use, upkeep and maintenance of the Co-Use Facilities within the Complex, thus, showing that the Parent Company's interest extends to the whole of the Complex.

On December 9, 2015, the SC resolved to deny the Motion for Reconsideration. Thus, a Motion For Leave to File and Admit the Attached Urgent Motion for Second Reconsideration and/or Referral to the En Banc was filed by the Parent Company on February 2, 2016. However, on April 6, 2016, the SC issued a Resolution where it resolved among others to deny the said Motion For Leave and noted without action, the attached Urgent Motion for Second Reconsideration and /or Referral to En Banc, in view of the denial of the Motion for Leave. Accordingly, an amount equivalent to ₱1,143.2 million (i.e., amount paid by the Parent Company to PSALM in 2014, net of withholding tax) was recognized as other noncurrent receivable as of December 31, 2016 and 2015. On October 5, 2016, the SC granted the manifestation/motion of Therma Power Visayas, Inc.

(TPVI) dated March 16, 2016 praying for the reinstatement of the notice of award in favor of TPVI dated April 30, 2014. The Parent Company then filed an Urgent Motion For Reconsideration with Alternative Motion to Refer to the En Banc, on November 2, 2016. In a Resolution dated November 28, 2016, the SC denied the same. Another Urgent Motion For Reconsideration was filed by the Parent Company on December 9, 2016. This was followed up by the filing on January 19, 2017 of a Supplemental Motion/Petition for Referral to the En Banc which argued that there was a violation of SPC's substantive right to due process in reinstating the Notice of Award in favor of TPVI and a violation of procedural due process in lifting the Entry of Judgment of September 28, 2015.

On February 21, 2017, the Parent Company received the Entry of Judgment through its legal counsel certifying that the September 28, 2015 Decision and October 5, 2016 Resolution have become final and executory on November 28, 2016 and were recorded in the Books of Entries of Judgments.

On April 26, 2017, the SC issued a final resolution denying both the Motion for Reconsideration and the Supplemental Motion/Petition for Referral to the En Banc filed on December 9, 2016 and January 19, 2017, respectively. In its final resolution, the SC confirmed that the September 28, 2015 Decision and the October 5, 2016 Resolution became final on November 28, 2016.

After receipt of the Notice of the Second Entry of Judgment in February 2017, the Parent Company was anticipating a speedy turnover of the NPPC. However, serious negotiations never transpired as of December 31, 2017 through no fault of the Parent Company.

Considering that the NPPC has been in the possession of the Parent Company even after November 28, 2016, it has to operate the plant as the best way to preserve it pending the eventual turn-over to PSALM and the return of the purchase price, as well as the reimbursement of necessary and useful expenses made on the NPPC. The incidental income and expenses derived from operating and preserving the NPPC after November 28, 2016 are recognized as part of "Others - net" in the parent company statements of comprehensive income (see Note 8).

On July 9, 2018, PSALM and the Parent Company finally entered into a Memorandum of Agreement (MOA) containing the terms and conditions for the return of the NPPC to PSALM, return of the SPC Bid to the Parent Company, and the settlement of all claims between the parties.

In accordance with the MOA, PSALM and the Parent Company executed the Joint Certificate of Turnover on July 13, 2018. Thus, the Parent Company turned over the NPPC and paid the entire payable to PSALM through cash amounting to ₱75.7 million, net of withholding tax, for fuel and coal consumed and through replacement of fuel while PSALM returned the SPC Bid to the Parent Company amounting to ₱1,143.2 million.

Events After the Reporting Period

In a move to contain the COVID-19 outbreak, on March 13, 2020, the Office of the President of the Philippines issued a Memorandum directive to impose stringent social distancing measures in the National Capital Region effective March 15, 2020. On March 16, 2020, Presidential Proclamation No. 929 was issued, declaring a State of Calamity throughout the Philippines for a period of six (6) months and imposed an enhanced community quarantine throughout the island of Luzon until April 12, 2020, which was subsequently extended to April 30, 2020 and further extended to May 15, 2020 for most parts of Luzon. On various dates after March 13, 2020, the respective local governments of Cebu and Bohol implemented similar quarantine measures through issuance of Executive Orders. These measures have caused disruptions to businesses and economic activities, and its impact on businesses continue to evolve.

The Parent Company considers the events surrounding the outbreak as non-adjusting subsequent events, which do not impact its financial position and performance as of and for the year ended December 31, 2019. However, the outbreak could have a material impact on its 2020 financial results and even periods thereafter. Considering the evolving nature of this outbreak, the Parent Company cannot determine at this time the impact to its financial position, performance and cash flows. The Parent Company will continue to monitor the situation.

26. Supplementary Information Required Under Revenue Regulation (RR) 2015-2010

In compliance with the requirements set forth by RR 15-2010, hereunder are the information on taxes, duties and license fees paid or accrued during the taxable year:

VAT

The National Internal Revenue Code of 1997 also provides for the imposition of VAT on sales of goods and services. Accordingly, the Parent Company's sales are subject to output VAT while its importations and purchases from other VAT-registered individuals or corporations are subject to input VAT. The VAT rate is 12.0%.

- Net Sales/Receipts and Output VAT declared in the Parent Company's VAT returns filed for the period:

	Net Sales/ Receipts	Output VAT
Vatable sales:		
Sale of services	₱398,636,498	₱47,836,380
Sale of goods	12,841,481	1,540,977
	411,477,979	49,377,357
Zero-rated sales	1,185,490	—
Sale to government	1,614,699	193,764
	₱414,278,168	₱49,571,121

- Input VAT

At January 1	₱39,833,905
Current year's domestic purchases/payments or importations for:	
Goods other than for resale or manufacture	29,151,641
Capital goods subject to amortization	2,375,242
Services lodged under general and administrative expenses and other accounts	6,425,102
	77,785,890
Claims for tax credit/refund and other adjustments	(49,490,387)
At December 31	₱28,295,503

Details of the Parent Company's importations are shown below:

Dutiable value	₱53,911,645
Customs duties	1,816,709
Brokerage charges	387,213
Total landed cost	₱56,115,567

Excise Taxes

The Parent Company did not have local nor imported excisable items.

Other Taxes and Licenses

All other local taxes, local and national, including real estate taxes, license and permit fees were lodged under the Taxes and Licenses account under "Cost of Services" and "General and administrative expenses" in the 2019 parent company statement of comprehensive income:

Details consist of the following:

Local:	
Business tax	₱216,358
License and permits fees	272,215
National:	
Documentary stamp taxes	400
Others	32,400,890
	<u>₱32,889,863</u>

Withholding Taxes

Details of withholding taxes in 2019 follow:

Withholding taxes on compensation and benefits	₱6,368,737
Expanded withholding taxes	5,438,663
Final withholding taxes	12,299,407
	<u>₱24,106,807</u>

Tax Assessments and Cases

The Parent Company does not have pending tax cases outside the administration of the BIR as of December 31, 2019.

About Us

SPC Power Corporation (SPC), was incorporated in the Republic of the Philippines and registered with the Philippine Securities and Exchange Commission (SEC) on March 11, 1994.

SPC is an active industry player in the Visayas Region for almost twenty-six (26) years, currently owns and operates the 32-MW Power Barge 104 (PB 104) in Ubay, Bohol; 146.5-MW Panay Diesel Power Plant (PDPP) in Dingle, Iloilo; and the 22-MW Bohol Diesel Power Plant (BDPP) in Tagbilaran City, Bohol, thru its wholly-owned subsidiary, SPC Island Power Corporation, also including the 2 x 100-MW KEPCO SPC Power Corporation (KSPC) in Colon, City of Naga, Cebu which is a subsidiary of SPC.

SPC also invested in the power distribution sector, thru Mactan Electric Company (MECO) whose franchise covers Lapu-lapu City and the Municipality of Cordova in the Province of Cebu; and Bohol Light Company, Inc. (BLCI) whose franchise covers Tagbilaran City, Bohol.

The registered office address of the Parent Company is 7th Floor, Cebu Holdings Center, Archbishop Reyes Avenue, Cebu Business Park, Cebu City.

Mission, Vision and Values

Our Mission

To provide quality and reliable power supply to our customers from a mix of conventional and renewable sources and ensure a fair and reasonable price that will allow an appropriate balance between availability of supply and equitable return to our shareholders.

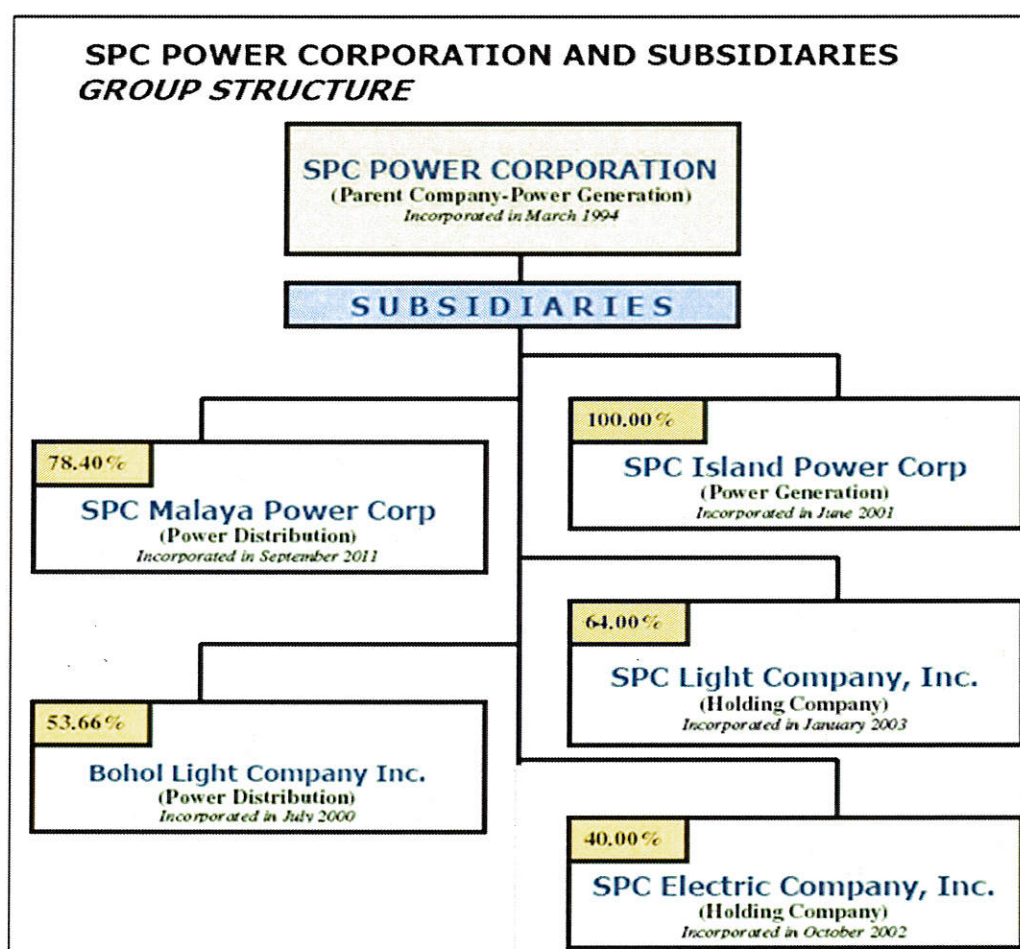

Our Vision

To be a long-term partner in the growth and development of our nation, by providing an imperative for nation-building and a better quality of life for our citizens - electricity.

Our Values

S	S-TEADFAST. We are dutifully firm and unwavering in our resolve to always meet our customers demand.
P	P-ERSISTENT. We are determined to reach our company's goals despite challenges or obstacles.
C	C-ARING. Caring for and protecting our environment is a prerequisite for the success of our business.
P	P-HILANTROPHY. Giving back to the community is our way of life. We are sensitive to the needs of the communities we serve and belong to
O	O-BJECTIVITY. We trust our personnel's judgement to be free of bias and outside influence in carrying out tasks.
W	W-ELL BALANCED. We aim to provide our personnel with a healthy work-life balance atmosphere that increase their productivity and boost happiness in the workplace.
E	E-EXCELLENCE. Day in and day out, we strive to be the best in everything we do.
R	R-ESPONSIBILITY. We trust and rely on our personnel to make decisions on their own, based on limits of authority and principles of personal accountability.

SPC Power Corporation and Subsidiaries

About this Report

This report covers the Parent Company and its subsidiaries, collectively referred to as the Group. This covers the fiscal year 2019 for the entire Group, including all locations in Makati, Cebu, Bohol and Iloilo. Any locations closed during the period were not included in this report.

Our Materiality Process

The Group has undertaken a process to understand, assess and prioritize the issues considered material to the business with respect to economic, environment, social and governance (EESGs). The Group considers an issue as material when it influences the decisions, actions and performance of the Group and/or its stakeholders. Interviews with Management were undertaken to assess the EESGs issues, and identified the following:

- A. Employee Welfare
- B. Customer satisfaction
- C. Safe work environment
- D. Integrity from among its officers and employees
- E. Renewable energy
- F. Compliance on energy regulations
- G. Ethical operations
- H. Data privacy and data security
- I. Digitalization
- J. Conservation and efficient use of resources

Based on the assessment undertaken, the following are considered material to the Group's business and its relevant stakeholders:

Economic Value

	2019	2018
Economic value generated	₱2,799,009,238	₱2,385,914,511
Economic value distributed		
Operating costs	277,384,547	239,467,901
Employee wages and benefits	150,740,669	131,857,736
Payment to suppliers of goods and services	2,054,319,847	1,766,454,429
Payments to providers of capital	1,651,764,391	1,202,575,609
Payments to government	201,784,362	180,280,821
Corporate Social Responsibility	3,024,689	9,389,299

	2019	2018
<i>(In PHP Millions)</i>		
TOTAL ASSETS	₱11,095.7	₱10,944.6
TOTAL LIABILITIES	933.3	919.9
TOTAL STOCKHOLDERS' EQUITY	10,162.4	10,024.7

FINANCIAL RATIOS		
CURRENT RATIO	7.82 : 1	7.33 : 1
DEBT-TO-EQUITY RATIO	0.09 : 1	0.09 : 1

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
<i>Economic value generated & distributed has positive impact in our major areas of operations in the provinces of Iloilo and Bohol; and investors in the organization.</i>	<i>The following stakeholders are affected: employees, community, suppliers and contractors, government, stockholders and lenders.</i>	<i>Paying taxes properly and timely; faithful compliance to labor laws; fairness in dealing with suppliers and contractors; ensuring reasonable rate of return to shareholders; commitment to corporate social responsibility.</i>
What are the Risk/s Identified?	Which stakeholders are affected?	Management Approach
<i>Financial risks (increase in competition); Natural calamities/disasters; Legal risks (change in law); Regulatory risks</i>	<i>The following stakeholders are affected: employees, community, suppliers and contractors, government, stockholders and lenders.</i>	<i>Diversification; Ensure Insurance coverage; Contract management.</i>
What are the Opportunity/ies Identified?	Which stakeholders are affected?	Management Approach
<i>Business expansion.</i>	<i>The following stakeholders are affected: employees, community, suppliers and contractors, government, stockholders and lenders.</i>	<i>Invest in research and development.</i>

Climate-related risks and opportunities¹

<i>The management committee considers climate-related issues when reviewing and guiding strategy, major plans of action, risk management policies, annual budgets, and business plans, monitoring implementation and performance, and overseeing major capital expenditures and acquisitions/new investments.</i>	<i>The organization's business strategy already considered investing in climate-friendly technologies in its power generation business.</i>	<i>The organization identifies, assesses climate-related risks by being aware of established laws and regulations; assessing the organization's compliance; and take necessary measures for compliance.</i>	<i>The metrics and targets used to assess and manage relevant climate-related risks and opportunities by the organization are aligned with the requirements of the relevant regulatory agencies.</i>
---	---	---	--

¹ Adopted from the Recommendations of the Task Force on Climate-Related Financial Disclosures. The TCFD Recommendations apply to non-financial companies and financial-sector organizations, including banks, insurance companies, asset managers and asset owners.

Procurement Practices

Proportion of spending on local suppliers

Disclosure	Quantity	Units
Percentage of procurement budget used for significant locations of operations that is spent on local suppliers	80	%

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
<i>The proportion of spending on local suppliers has positive impact in our major areas of operations and our local suppliers.</i>	<i>The following stakeholders are affected: employees, community, suppliers and contractors, government and stockholders.</i>	<i>Priority is given to local suppliers and contractors whenever the goods and services needed in our operations are locally available.</i>
What are the Risk/s Identified?	Which stakeholders are affected?	Management Approach
<i>No risks identified because issues or concerns arising from procurement from local suppliers and contractors are manageable.</i>	<i>None</i>	<i>Accreditation of all prospective local suppliers and contractors to determine their capabilities, quality and competitiveness of their products.</i>
What are the Opportunity/ies Identified?	Which stakeholders are affected?	Management Approach
<i>Mutual growth of business which leads to better quality of life for everyone.</i>	<i>Community, suppliers and contractors and the organization itself (indirectly its employees and investors, government).</i>	<i>Priority is given to local suppliers and contractors whenever the goods and services needed in our operations are locally available.</i>

Anti-corruption

Training on Anti-corruption Policies and Procedures

Disclosure	Quantity	Units
Percentage of employees to whom the organization's anti-corruption policies and procedures have been communicated to	All employees	100%
Percentage of business partners to whom the organization's anti-corruption policies and procedures have been communicated to	All business partners	100%
Percentage of directors and management that have received anti-corruption training	13	81%
Percentage of employees that have received anti-corruption training	0	0

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
<i>The anti-corruption policies and procedures adopted and implemented by the organization has positive, actual and direct impact on the management and employee levels of the organization; and business partners. The organization has taken concrete measures or steps to ensure a high level of awareness of anti-corruption policies within the company.</i>	<i>Suppliers and contractors and employees, management, other business partners.</i>	<i>Management adopted an anti-corruption policy pursuant to its ethical values of honesty, integrity and fair dealing. It has disseminated this policy publicly through its disclosure in its website and included a specific provision on anti-corruption in some of its major contracts.</i>
What are the Risk/s Identified?	Which stakeholders are affected?	Management Approach
<i>Compliance risks</i>	<i>Suppliers and contractors and employees, management, other business partners.</i>	<i>Financial, Operation and legal audit.</i>
What are the Opportunity/ies Identified?	Which stakeholders are affected?	Management Approach
<i>Promotes transparency, fairness and accountability in the conduct of our business.</i>	<i>Suppliers and contractors and employees, management, other business partners.</i>	<i>Periodic review of policies and procedures on anti-corruption; Financial, Operation and legal audit.</i>

Incidents of Corruption

Disclosure	Quantity	Units
Number of incidents in which directors were removed or disciplined for corruption	0	0
Number of incidents in which employees were dismissed or disciplined for corruption	0	0
Number of incidents when contracts with business partners were terminated due to incidents of corruption	0	0

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
<p>No incidents of corruption were noted during covered period of this report.</p> <p>The organization has taken concrete measures or steps to ensure a high level of awareness of anti-corruption policies within the company.</p>	<p>Since no incidents of corruption were noted during covered period of this report, no stakeholders were negatively affected.</p>	<p>Management adopted an anti-corruption policy pursuant to its ethical values of honesty, integrity and fair dealing.</p> <p>It has disseminated this policy publicly through its disclosure in its website and included a specific provision on anti-corruption in some of its major contracts.</p>
What are the Risk/s Identified?	Which stakeholders are affected?	Management Approach
<p>No incidents of corruption were noted during covered period of this report.</p>	<p>Since no incidents of corruption were noted during covered period of this report, no stakeholders were negatively affected.</p>	<p>If incidents of corruption occur, the anti-corruption policies and procedures adopted are implemented by the organization.</p>
What are the Opportunity/ies Identified?	Which stakeholders are affected?	Management Approach
<p>Improves positive business reputation and trustworthiness.</p>	<p>Suppliers and contractors and employees, management, shareholders and other business partners.</p>	<p>Management adopted and implemented an anti-corruption policy pursuant to its ethical values of honesty, integrity and fair dealing.</p> <p>It has disseminated this policy publicly through its disclosure in its website and included a specific provision on anti-corruption in some of its major contracts.</p>

Our Corporate Governance

The Group is committed to the principles and guidelines set forth in the Code of Corporate Governance for Publicly Listed Companies (PLCs) and its Manual of Corporate Governance. Beyond the compliance requirements, the Board of Directors and Management, employees and shareholders, believe that corporate governance is a necessary component of what constitutes sound strategic business management and therefore undertakes every effort necessary to create awareness thereof within the organization.

The Group's Manual of Corporate Governance provides, among others, the following:

	Related Party Transactions Policy
	<p>The Company has adopted a policy on Material Related Party Transactions. In accordance with its policy, it shall not extend preferential treatment to its related partners; shall accord equal treatment to related and non-related parties under similar circumstances.</p> <p>The Compliance Officer works with the Board and Management identifying persons and companies that are considered as related parties. The Board of Directors and its Management requires quarterly review and update the Related Party registry to capture organizational and structural changes in the Company and its related parties.</p>

	Whistle-blowing Policy
	<p>The Company has an open policy that actively promotes honest and highest ethical behavior possible in all its business dealings and activities.</p> <p>SPC Power Corporation employees, executive officers and directors who have knowledge or reasonably believe that an applicable law, regulation, policy or ethical guideline has been, is being or about to be or may be, violated must promptly report such information to any independent director of the Board, or Compliance Officer of the Company.</p> <p>The Board, through the Corporate Governance Committee (CGC), shall establish a suitable framework for whistleblowing that allows employees, executive officers and directors to freely communicate their concerns about illegal or unethical practices, without fear of retaliation and to have direct access to an independent member of the Board or the Compliance Officer on whistle blowing concerns. The CGC should be conscientious in establishing the framework, as well as in supervising and ensuring its enforcement.</p>

	<table><tr><th data-bbox="422 434 1383 537">Conflict-of-Interest Policy</th></tr><tr><td data-bbox="422 537 1383 1126"><p>Pursuant to the Code of Corporate Governance for Publicly-Listed Companies (CGC-PLCs), “the Board should oversee that an appropriate internal control system is in place, including setting up a mechanism for monitoring and managing potential conflicts of interest of the Management, board members, and shareholders. 	Insider Trading Policy
	<p>The Company adheres to fair and transparent principles of trading its securities. Thus, the Company, its directors, officers and employees are bound to strictly observe the provisions of the Corporation Code, the Securities Regulations Code and its Implementing Rules and Regulations on prohibitions on fraud, manipulation and Insider Trading.</p>

ENVIRONMENT

Resource Management

Energy consumption within the organization:

Disclosure	Quantity	Units
Energy consumption (renewable sources)		GJ
Energy consumption (heavy fuel oil - Operation)	16,876,453	Li
Energy consumption (light fuel oil - Operation)	2,768,746	Li
Energy consumption (lubricant - Operation)	293,910	Li
Energy consumption (electricity - Plant Consumption)	45,673,643	kWh

Reduction of energy consumption

Disclosure	Quantity	Units
Energy consumption (renewable sources)		GJ
Energy consumption (heavy fuel oil - Operation)	(588,162)	Li
Energy consumption (light fuel oil - Operation)	(1,302,658)	Li
Energy consumption (lubricant - Operation)	(44,288)	Li
Energy consumption (electricity - Plant Consumption)	(21,823,151)	kWh

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
<p><i>The increase in the energy consumption is an unintended impact or consequence resulting from increase in the demand of the organization's product (sale of electricity) and not from wastage or unwarranted consumption.</i></p> <p><i>The organization's involvement in the impact is due to higher level of operations brought about by increase in demand of its product.</i></p>	<p><i>Suppliers and contractors and employees, management, shareholders and other business partners.</i></p>	<p><i>Maintenance of cost efficiency measures in the operation; compliance with environmental laws and regulations.</i></p>

What are the Risk/s Identified?	Which stakeholders are affected?	Management Approach
<i>Increase in energy consumption would proportionately increase demand for extraction of natural resources identified as components of materials critical for the operations of the organization.</i>	<i>Suppliers and contractors and employees, management, shareholders and other business partners</i>	<i>Maintenance of cost efficiency measures in the operation; compliance with environmental laws and regulations.</i>
What are the Opportunity/ies Identified?	Which stakeholders are affected?	Management Approach
<i>Fast track the development of alternative energy resources or technologies that will help conserve natural resources being exploited for power generation.</i>	<i>Suppliers and contractors and employees, management, shareholders and other business partners</i>	<i>Maintenance of cost efficiency measures in the operation; compliance with environmental laws and regulations.</i>

Water consumption within the organization

Disclosure	Quantity	Units
Water withdrawal (Plant Consumption)	16,000	Cubic meters
Water consumption (Plant Consumption)	2,104,122	Cubic meters
Water recycled and reused (Plant Consumption)	(Not Quantified)	Cubic meters

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
<p><i>The increase in the water consumption is an unintended impact or consequence resulting from increase in the demand of the organization's product (sale of electricity) and not from wastage or unwarranted consumption.</i></p> <p><i>The organization's involvement in the impact is due to higher level of operations brought about by increase in demand of its product.</i></p>	<p><i>Suppliers and contractors and employees, management, shareholders and other business partners</i></p>	<p><i>Maintenance of cost efficiency measures in the operation; compliance with environmental laws and regulations.</i></p>
What are the Risk/s Identified?	Which stakeholders are affected?	Management Approach

Air pollutants

Disclosure	Quantity	Units
NO _x	624,223	kg
SO _x	1,972,286	kg
Persistent organic pollutants (POPs)	1,400	kg
Volatile organic compounds (VOCs)	0	kg
Hazardous air pollutants (HAPs)	0	kg
Particulate matter (PM)	98,049	kg

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
<i>There had been no complaints from host communities and government regulators</i>	<i>Employees, community, suppliers and vulnerable groups</i>	<i>The Management quarterly monitors the air emissions through expert consultant and perform remedial measures as recommended, if any. To date, the Group has not exceeded the limits prescribed by the DENR.</i>
What are the Risk/s Identified?	Which stakeholders are affected?	Management Approach
<i>Health hazards</i>	<i>Employees, community, suppliers, government regulators and vulnerable groups</i>	<i>The Management quarterly monitors the air emissions through expert consultant and perform remedial measures as recommended, if any. To date, the Group has not exceeded the limits prescribed by the DENR.</i>
What are the Opportunity/ies Identified?	Which stakeholders are affected?	Management Approach
<i>Fosters harmonious relationship with host communities</i>	<i>Employees, community, suppliers and vulnerable groups</i>	<i>The Management quarterly monitors the air emissions through expert consultant and perform remedial measures as recommended, if any. To date, the Group has not exceeded the limits prescribed by the DENR.</i>

Solid and Hazardous Wastes

Solid Waste

Disclosure	Quantity	Units
Total solid waste generated	3,015	kg
Reusable	1,085	kg
Recyclable	985	kg
Composted	784	kg
Incinerated	0	kg
Residuals/Landfilled	161	kg

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
<i>There is no environmental degradation due to proper disposal of solid wastes</i>	<i>Employees, community</i>	<i>The Management appoints an Environmental, Health, Safety and Security (EHSS) Officer to oversee the environmental compliance of the Group. The Group complies with the EMB environmental requirements.</i>
What are the Risk/s Identified?	Which stakeholders are affected?	Management Approach
<i>Hazardous to the environment</i>	<i>Employees, community</i>	<i>The Management appoints an Environmental, Health, Safety and Security (EHSS) Officer to oversee the environmental compliance of the Group. The Group complies with the EMB environmental requirements.</i>
What are the Opportunity/ies Identified?	Which stakeholders are affected?	Management Approach
<i>Recycling/composting contributes to the improvement of the quality of soil used for planting; cuts down on the amount of trash and reduces the cost and carbon emissions it takes to haul and process these garbage materials; reduces soil pollution.</i>	<i>Employees, community</i>	<i>The Management appoints an Environmental, Health, Safety and Security (EHSS) Officer to oversee the environmental compliance of the Group. The Group complies with the EMB environmental requirements.</i>

Hazardous Waste

Disclosure	Quantity	Units
Total weight of hazardous waste generated	616,120	kg
Total weight of hazardous waste transported	616,120	kg

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
<i>There is no environmental degradation due to proper disposal of hazardous wastes</i>	<i>Employees, community</i>	<i>The Management appoints an Environmental, Health, Safety and Security (EHSS) Officer to oversee the environmental compliance of the Group. The Group complies with the EMB environmental requirements.</i>
What are the Risk/s Identified?	Which stakeholders are affected?	Management Approach
<i>Hazardous to the environment</i>	<i>Employees, community</i>	<i>The Management appoints an Environmental, Health, Safety and Security (EHSS) Officer to oversee the environmental compliance of the Group. The Group complies with the EMB environmental requirements.</i>
What are the Opportunity/ies Identified?	Which stakeholders are affected?	Management Approach
<i>Generates business opportunities to EMB accredited entities involved in hazardous waste management.</i>	<i>Employees, community, suppliers</i>	<i>The Management appoints an Environmental, Health, Safety and Security (EHSS) Officer to oversee the environmental compliance of the Group. The Group complies with the EMB environmental requirements.</i>

Effluents

Disclosure	Quantity	Units
Total volume of water discharges	60	Cubic meters
Percent of wastewater recycled	100	%

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
<i>Water discharges are treated in accordance with the Environmental Management Bureau's (EMB) standards. Consequently, protection and conservation of marine resources</i>	<i>Employee and community</i>	<i>The Management appoints an Environmental, Health, Safety and Security (EHSS) Officer to oversee the environmental compliance of the Group. The Group complies with the EMB requirement on water effluents. A quarterly testing by an EMB accredited facility is performed prior to discharge.</i>
What are the Risk/s Identified?	Which stakeholders are affected?	Management Approach
<i>Accidental discharge of effluents due to acts of God such as strong typhoon and tsunami</i>	<i>Employee and community</i>	<i>The Management appoints an Environmental, Health, Safety and Security (EHSS) Officer to oversee the environmental compliance of the Group. The Group has a Risk Disaster Plan for each Plant and conducts periodic drills to prepare for any contingency.</i>
What are the Opportunity/ies Identified?	Which stakeholders are affected?	Management Approach
<i>Preservation of natural breeding ground habitat or abode of fishes and other marine organism</i>	<i>Employee and community</i>	<i>The Management appoints an Environmental, Health, Safety and Security (EHSS) Officer to oversee the environmental compliance of the Group. The Group complies with the EMB requirement on water effluents. A quarterly testing by an EMB accredited facility is performed prior to discharge.</i>

Environmental compliance

Non-compliance with Environmental Laws and Regulations

Disclosure	Quantity	Units
Total amount of monetary fines for non-compliance with environmental laws and/or regulations	0	PhP
No. of non-monetary sanctions for non-compliance with environmental laws and/or regulations	None	#
No. of cases resolved through dispute resolution mechanism	None	#

What is the impact and where does it occur? What is the organization's involvement in the impact?	Which stakeholders are affected?	Management Approach
<i>Continuous unhampered operations on the primary business through implementation and strict observance of the environmental regulations</i>	<i>Employees and community</i>	<i>The Management appoints an Environmental, Health, Safety and Security (EHSS) Officer to oversee the environmental compliance of the Group.</i>
What are the Risk/s Identified?	Which stakeholders are affected?	Management Approach
<i>Closure of business, related damage to environment and costly litigation for damages</i>	<i>Employees and community</i>	<i>Management has identified this as one of the Groups' core Values i.e. Caring for and protecting our environment is a prerequisite for the success of our business; Institutionalized policies and procedures safeguarding the environment; Compliance with environmental laws.</i>
What are the Opportunity/ies Identified?	Which stakeholders are affected?	Management Approach
<i>Continuous unhampered operations</i>	<i>Employees and community</i>	<i>Management has identified this as one of the Groups' core Values i.e. Caring for and protecting our environment is a prerequisite for the success of our business; Institutionalized policies and procedures safeguarding the environment; Compliance with environmental laws.</i>
