I. BUSINESS & GENERAL INFORMATION

Business Development

The Company

SPC Power Corporation (the Parent Company), formerly Salcon Power Corporation, was incorporated in the Republic of the Philippines and registered with the Philippine Securities and Exchange Commission (SEC) on March 11, 1994.

The Parent Company was formerly a venture company owned by members of the Salcon Consortium which entered into a Rehabilitation, Operation, Maintenance and Management Agreement (ROMM Agreement) with the National Power Corporation (NPC) on March 25, 1994 for the purpose of undertaking the rehabilitation, operation, maintenance and management of the 203.8 megawatt (MW) Naga Power Plant Complex (NPPC) in Colon, Naga, Cebu under the rehabilitate-operate-maintain-and-manage scheme as defined in the ROMM Agreement.

Under the ROMM Agreement, the Parent Company, at its own cost, rehabilitated, operated, maintained and managed the NPPC over the Cooperation Period of 15 years commencing on the Turnover Date as defined in the ROMM Agreement. The Parent Company received from NPC, its sole customer, Operation and Maintenance (O&M) fees and energy fees derived from conversion into electricity of fuel supplied by NPC at no cost to the Parent Company throughout the Cooperation Period. The fees were subject to an agreed minimum energy off-take (EMOT), which was the minimum guaranteed energy purchase by NPC on a take-or-pay basis. The Parent Company was also entitled to a fuel efficiency bonus if the actual net heat rate of each of the power plants was less than the corresponding guaranteed net heat rate and be liable for a penalty if the actual net heat rate was greater than the guaranteed rate. At the end of the Cooperation Period, the Parent Company transferred to the NPC full possession of the NPPC, clean and unencumbered title to any and all the improvements, works and structures rehabilitated, constructed, improved and introduced by the Parent Company in the NPPC.

In resolutions dated September 28, 2001, the Board of Directors and Stockholders amended the primary purposes for which the Parent Company is formed. Together with its subsidiaries and associates, it is engaged in various business activities within the Philippines that include, among others, the development, construction, rehabilitation, maintenance, management, and operation of power generating plants, electricity distribution and related facilities in accordance with existing laws.

On April 2, 2002, the Parent Company's common shares were listed in the Philippine Stock Exchange (PSE) with ticker symbol: SPC.

On June 30, 2004, the Parent Company, the NPC and the Power Sector Assets and Liabilities Management Corporation (PSALM) further amended the Implementing Agreement (IA) which implemented the covenants set forth in the Term Sheet and amended the ROMM Agreement and its First Amendment, by executing the Amended Implementing Agreement (AIA) which became effective on August 26, 2004. Salient matters of the AIA included, among others, a 20% reduction in the EMOT for the CTPP 1, CTPP 2 and CDPP 1 during the remaining Cooperation Period subject to certain conditions. As a consequence of the EMOT reduction, the Cooperation Period for the CTPP 1, CTPP 2 and CDPP 1 was extended for nearly three (3) years from May 29, 2009 to March 25, 2012. After the Cooperation Period for the 55 MW LBGTs, on January 29, 2010, the Parent Company acquired the LBGTs for strategic purposes as the LBGTs are located in the Power Complex that is occupied by the Parent Company for the operation of the CTPP and CDPP under the ROMM Agreement until March 25, 2012, and under series of Operation and Maintenance Service Contracts (OMSCs) until September 25, 2014.

After the expiration of the ROMM Agreement on March 25, 2012, OMSCs were awarded by PSALM to the Parent Company for the continuous operation and maintenance of CTPP 1, CTPP 2 and CDPP 1 for successive six-month periods up to September 25, 2014. Under the OMSC, the Parent Company received service and operating fees from PSALM.

In 2014, the Parent Company participated in the bidding for the acquisition of NPPC (see Note 29 of the consolidated financial statements of the Parent Company and Subsidiaries).

On April 15, 2016, SPC Island Power Corporation (SIPC), a wholly owned subsidiary of the Parent Company, submitted the highest offer to PSALM in the negotiated sale of the 32-MW Power Barge (PB) 104. On June 16, 2016, the Parent Company executed an Amendment, Accession and Assumption Agreement with PSALM and SIPC. Under the agreement, SIPC assigned all its rights and obligations as Buyer of PB 104 to the Parent Company after PSALM gave its consent pursuant to the provisions of the Asset Purchase Agreement between SIPC and PSALM. On June 30, 2016, PSALM turned over the PB 104 to the Parent Company for rehabilitation. PB 104 started commercial operations on August 1, 2018 (for Unit Nos. 1, 2 and 3) and on June 11, 2019 (for Unit No. 4).

On September 9, 2016, the Parent Company's Board of Directors amended the Parent Company's Articles of Incorporation in order to engage in the business of selling, brokering, marketing, or aggregating electricity to the end-users. The amendments were subsequently approved and confirmed by written assent of the stockholders representing at least 2/3 of the outstanding capital stock of the Parent Company. On January 4, 2017, the SEC approved such amendment.

On July 29, 2021, the Parent Company's Board of Directors further amended the Parent Company's Articles of Incorporation for it to embark on the exploration and development of renewable energy (RE) resources. Stockholders representing more than two-thirds of the outstanding capital stock voted on October 7 – 11, 2021 to include in the Parent Company's primary purpose to carry on the general business of exploration, development and utilization and/or lease of natural resources, such as solar, wind, biomass, hydro, geothermal, ocean, wave and other RE sources of power or hybrid systems, for the production of electricity. The stockholders also allowed the company to own, lease and develop real or personal properties, including land; and invest in the management of domestic corporations, partnerships and entities to attain its primary purpose. The SEC approved the amendment on June 9, 2022.

Subsidiaries/Associates

The Parent Company has the following subsidiaries:

(i) SPC Island Power Corporation (SIPC). SIPC, a wholly owned subsidiary, was incorporated and registered with the SEC on June 26, 2001. It operates the 146.5 MW Panay Diesel Power Plant (located in Dingle, Iloilo) and the 22 MW Bohol Diesel Power Plant (located in Tagbilaran City, Bohol) which were acquired on March 25, 2009 through the assignment of the Parent Company's rights and obligations to SIPC. It had also operated the Olango Diesel Power Plant (ODPP), located in the Island of Olango, Lapu-Lapu City, from September 15, 2001 to March 25 2021. ODPP supplied all the generated electricity to Mactan Electric Company, Inc. (MECO), an associate. On February 14, 2022, SIPC, in its intention to promote education and welfare among the people in Olango Island and nearby areas, donated the ODPP to the Technical Education and Skills Development Authority (TESDA), a government agency tasked to manage and supervise technical education and skills development in the Philippines.

(ii) Cebu Naga Power Corporation (CNPC). CNPC, a wholly owned subsidiary, was incorporated on August 12, 2015 to undertake the development, ownership, construction, operation and management of a new 2 x 150 MW CFBC coal-fired power plant to replace the old CTPP 1 and CTPP 2 in the NPPC,

Colon, City of Naga, Cebu. The construction of the new power plant had been aborted due to the adverse Supreme Court decision that led to the return of the NPPC to PSALM on July 13, 2018 (see Note 29 of the Notes to Consolidated Financial Statements). CNPC has not started commercial operations.

(iii) SPC Malaya Power Corporation (SMPC). SMPC, a majority owned subsidiary, was incorporated in the Republic of the Philippines and registered with the SEC on September 22, 2011. SMPC won the bidding processes for the Operation and Maintenance Service Contract (OMSC) of the 650 MW Malaya Thermal Power Plant (MTPP) located in Pilillia, Rizal and accordingly operated the MTPP from October 25, 2011 to October 25, 2014. However, SMPC either did not win or did not participate in the subsequent biddings of the OMSC after October 25, 2014 for certain reasons. SMPC has not restarted commercial operations since October 26, 2014.

(iv) Bohol Light Company, Inc. (BLCI). BLCI, a majority owned subsidiary, was organized on July 21, 2000 to engage in the business of supply and distribution of electricity, subject to applicable laws, rules and regulations. On July 10, 2003, the National Electrification Commission (NEC) granted BLCI's franchise to operate electric, light and power services for a period of 25 years retroactive from October 20, 2000 to October 19, 2025 in the area presently comprised by Tagbilaran City, Bohol.

(v) SPC Light Company, Inc. (SLCI) and SPC Electric Company, Inc. (SECI). SLCI (majority owned) and SECI were incorporated on January 15, 2003 and October 17, 2002, respectively, primarily to design, construct, install, commission, rehabilitate, maintain, manage, operate and invest in power generation/distribution plants and related facilities. The Parent Company has the power to govern the financial and operating policies of SECI by virtue of an agreement. SLCI and SECI have not started commercial operation.

The Parent Company also has the following major associates:

(i) KEPCO SPC Power Corporation (KSPC). KSPC, 40% owned by the Parent Company, was incorporated on June 22, 2005 primarily to build, operate, maintain, own and manage the 2 x 100 Megawatt Circulating Fluidized Bed Combustion (CFBC) Boiler Coal-Fired Power Plant in the City of Naga, Colon, Cebu.

(ii) Mactan Electric Company, Inc. (MECO). In July 1997, the Parent Company acquired 40% of MECO which was granted by the NEC, under Presidential Decree No. 269, a franchise for 25 years from October 10, 1991 to engage in, conduct and carry on the business of generating, buying and selling electric light for sale within the limits of the City of Lapu-lapu and the Municipality of Cordova in the Province of Cebu until October 9, 2016. On July 17, 2016, MECO was granted a renewal of its franchise for another 25 years.

Future Prospects

The Group remains firmly committed in looking for opportunities in new markets and customer segments, both in the renewable and non-renewable energy spectrum.

As of March 30, 2022, the Group is in the early stage of undertaking the evaluation process of a pipeline of solar projects for its medium and long-term growth in capacity. However, there is no immediate assurance yet that the Group will have substantial and additional sources of income.

While in pursuit of new opportunities, the Group will continue to focus on further improving efficiencies and leveraging existing business assets to sustain profitability.

On July 29, 2021, the Parent Company's Board of Directors further amended the Parent Company's Articles of Incorporation (approved by majority of the stockholders by written assent on October 7-11,

2021) to reflect current efforts to embark on the exploration and development of renewable energy (RE) resources. The amendment was approved by the SEC on June 9, 2022.

Competition

Increasing competition remains the primary challenge for the Group. It continues to face more and more competitive environment in the procurement of power supply by distribution utilities through competitive selection process (CSP), provision for ancillary services, development and financing of new power plants, and acquisition of existing power plants. Such competition may have an effect on the extent to which and the terms on which the Group is able to obtain or renew power supply contracts and to secure or put up more projects in the future. However, the Group believes that their capabilities and proven track record will allow them to be competitive in project evaluation, bidding and negotiation.

In order to optimize plant operations, the Group not only endeavors to renew expiring contracts from existing capacities but also maximizes energy trading opportunities in the spot market. Due to competition, however, spot market prices have also been volatile.

Transactions with and/or Dependence on Related Parties

In the normal course of business, the Parent Company and its subsidiaries have significant transactions with related parties which are made on an arm's length basis as of the time of the transactions. The details of these transactions are contained in Note 5 of the consolidated financial statements as of and for the year ended December 31, 2022.

Research & Development

The Group does not appropriate expenses for research and development activities based on fixed amounts or percentages. Instead, expenses for research and development activities are allocated on a per project basis that vary depending on the nature of the project. These expenses are funded from internally generated cash flows.

Patents, Licenses, Franchises and Government Approvals

Under the EPIRA, no person or entity may engage in the generation of electricity unless such person or entity has secured a Certificate of Compliance (COC) from the ERC to operate a generation facility and has complied with the standards, requirements and other terms and conditions set forth in the COC.

The generation units in the Group possess COCs for their generation businesses, details of which are as follows:

Date Issued	COC No.	Issued Under the Name of	Name	Type	Location	Capacity	Fuel	Terms of COC
Feb. 10, 2016	16-02-M-00068V	KSPC	Unit 1	Coal-fired	City of Naga, Cebu	110.50 MW	Coal	Until Feb. 19, 2023 (i)
		KSPC	Unit 2	Coal-fired		110.50 MW	Coal	Until Feb. 19, 2023 (i)
Nov. 29, 2016	16-11-M-00286hhV	SIPC (PDPP)		Diesel Power Plant	Dingle, Iloilo	92.22 MW	Diesel/Bunker C	Until Apr. 24, 2023 (ii)

Dec. 19, 2018	18-12-M-00167V	SPC (PB 104)	Unit 1	Diesel Power Plant	Ubay, Bohol	8.00 MW	Diesel/Bunker C	Until Dec. 18, 2023
June 11 2019		SPC (PB 104)	Unit 4	Diesel Power Plant	Ubay, Bohol	8.00 MW	Diesel/Bunker C	Until Dec. 10, 2022 (v)

(i) Pending completion of certification for renewal of COC, KSPC Units 1 and 2 were granted Provisional Authority to Operate (PAO) by ERC from February 20, 2022 to February 19, 2023 and is currently being evaluated for extension of PAO or the issuance of COC per ERC Certification dated February 9, 2023.

(ii) SIPC PDPP was granted first (1st) extension of PAO by ERC from April 25, 2022 to April 24, 2023 pending compliance with PAO conditions. SIPC PDPP also requested to ERC for the issuance of COC or a second (2nd) extension of PAO as applicable.

(iii) SIPC BDPP was granted PAO by ERC from July 18, 2021 to July 17, 2022 pending compliance with PAO conditions. As of April 13, 2023, SIPC BDPP is still being evaluated by the ERC for another extension of its PAO or a conversion thereof into a COC, as may be applicable.

(iv) SPC filed an application for the renewal of COC for Units 2 & 3. As of April 13, 2023, ERC is still evaluating Units 2 & 3 for the renewal of their COC or the grant of a PAO, in lieu of renewal, as may be applicable.

(v) PB 104 Unit 4 was granted fourth (4th) extension of PAO by ERC from December 11, 2021 to December 10, 2022 pending compliance with PAO conditions. As of April 13, 2023, PB 104 Unit 4 is currently being evaluated by the ERC for extension of PAO or the issuance of a COC, as may be applicable.

Also, under the EPIRA, the business of electricity distribution requires a national franchise that can be granted only by Congress, except distribution utilities operating within economic zones. In addition, a Certificate of Public Convenience and Necessity (CPCN) from the ERC is also required to operate as a public utility. Distribution utilities are required to submit to the ERC a statement of their compliance with the technical specifications prescribed in the Philippine Distribution Code. The following are the expiration periods of the Group's Distribution Utilities' franchises:

<u>Distribution Utility</u>	<u>Expiration Date</u>
MECO	July 16, 2041
BLCI	October 19, 2025

The EPIRA likewise requires all suppliers of electricity to end-users in the contestable market, other than distribution utilities within their franchise areas, to obtain license from the ERC in accordance with the ERC's rules and regulations. With the implementation of Retail Competition and Open Access (RCOA), KEPCO SPC Power Corporation was granted by the ERC a license to operate as Retail Electricity Supplier (RES) valid from October 18, 2016 to October 17, 2021 and from October 18, 2021 to October 17, 2026.

Manpower

The Parent Company had 73 employees consisting of 25 managerial employees and 48 rank-and-file employees.

The Parent Company and its subsidiaries employed a total of 287 regular employees as of December 31, 2022.

Regular employee benefits of the Parent Company include a retirement plan and all government-mandated benefits, supplemented by group life and health insurance, medical care, rice subsidy, longevity pay, funeral and burial assistance, cash conversion of unused vacation and sick leave credits, and at the discretion of the Board, year-end bonus, various incentive and productivity awards, merit adjustments, and loyalty bonus.

There is no collective bargaining agreement covering the Parent Company employees as of December 31, 2022.

The Parent Company does not anticipate any substantial increase in manpower within the next twelve months unless new development projects and acquisitions would require an increase in the number of employees.

Properties

The consolidated net book value of property, plant and equipment of the Parent Company and its subsidiaries amounted to ₱734.7 million and ₱731.8 million as of December 31, 2022 and 2021, respectively. The breakdown is as follows:

Property, Plant and Equipment	2022	2021
Distribution lines, poles, and fixtures	₱92,542,925	₱89,364,695

Total	₱734,717,862	₱731,765,902

Locations of the principal properties, plant and equipment mentioned above are as follows:

Company/Subsidiary	Description	Location/Address	Condition
SIPC	Panay Diesel Power Plant/Structures	Tinocuan, Dingle, Iloilo	In use for operations
SIPC	Bohol Diesel Power Plant/Structures	Dampas, Tagbilaran City, Bohol	In use for operations
BLCI	Utility plant and equipment	Tagbilaran City, Bohol	In use for operations
Parent Company	Power Barge 104	Tapal Wharf, Ubay, Bohol	In use for operations
SIPC	Land	Dampas, Tagbilaran City, Bohol	In use for operations
SIPC	Land	Tinocuan, Dingle, Iloilo	Held for future plant expansion.
BLCI	Land	Tagbilaran City, Bohol	In use for operations
Parent Company	Office furnitures and equipment	Cebu Holdings Center, Cebu Business Park, Cebu City; and BDO Towers Paseo, 8741 Paseo de Roxas, Makati City	In use for operations

On June 16, 2016, the Parent Company executed an Amendment, Accession and Assumption Agreement between and among PSALM and SIPC. Under the said agreement, SIPC assigned all its rights and obligations as BUYER of PB 104 to the Parent Company after PSALM gave its consent pursuant to the provisions of the Asset Purchase Agreement between SIPC and PSALM. On June 30, 2016, PSALM turned over the PB 104 to the Parent Company.

Through an Accession Agreement on August 28, 2000, BLCI acquired the assets and equipment, rights, and interest of the Consortium composed of SII, the Parent Company and other members of the Joint Venture Agreement (JVA) with the Provincial Government of Bohol (PGB). The JVA allowed the Consortium to purchase, own, rehabilitate, operate, maintain and manage the Bohol Provincial Electric System (PES) and for PGB to sell and transfer the franchise to operate the PES in the City of Tagbilaran, Province of Bohol, to the Consortium.

In 2006, BLCI entered into a lease agreement with Bohol Water Utilities, Inc., a sister company, for the lease of land for a period of 20 years starting January 1, 2006 until December 31, 2025, renewable upon such terms and conditions as may be mutually agreed upon by both parties. The land is used and occupied primarily for the operation, management and maintenance of BLCI's utility plant and equipment. On January 21, 2021, the lease agreement was terminated due to the purchase of the land by BLCI.

On March 25, 2009, SIPC obtained control and possession of the 146.5-MW Panay Diesel Power Plant (located in Tinocuan, Dingle, Iloilo) and the 22-MW Bohol Diesel Power Plant (located in Dampas, Tagbilaran City, Bohol) by virtue of an assignment of the covering Asset Purchase Agreement (APA) and Land Lease Agreement (LLA) from the Parent Company. The LLA is in furtherance of and as ancillary contract to the APA for the 25-year lease of parcels of land used and occupied primarily for the operation, management, expansion and maintenance of the Purchased Assets. The LLA also covers an option to purchase the optioned assets within the leased premises that may be offered by the Lessor. In 2017, SIPC exercised its option to purchase the optioned assets covering all the lots underlying the Bohol Diesel Plant with a total area of 27,527 square meters.

The Parent Company leases a residential condominium unit at Winland Towers, Cebu City from Dentrade, Inc., a corporation majority owned by Mr. Dennis T. Villareal who is currently the President and CEO of the Parent Company. The condominium unit is used to house the Parent Company's directors and senior executive officers during their official visits to Cebu.

The Parent Company also leases an office condominium unit at the 7th Floor of BDO Towers Paseo, Makati City. This unit houses the Parent Company's Makati Office. The unit is leased from the Parent Company's affiliate, SPC Properties and Development Corporation (SPDC).

The Parent Company further leases office condominium units at the 7th Floor of Cebu Holdings Center, Cebu Business Park and 7th Floor of BDO Towers, Makati City from the Parent Company's affiliate – SPEC Properties, Inc. for use as its Cebu administrative office and additional executive offices in Makati.

Legal Proceedings

The Group is currently involved in various legal proceedings in the ordinary conduct of their businesses. The estimate of probable costs for the resolution of possible claims is developed in consultation with outside counsels handling the Group's defense in these matters and is based upon an analysis of potential results of litigation. As of December 31, 2022, the Group believes that the results of these actions will not have a material adverse impact on the Group's financial position and results of operations.

2020	0.40	598,620,721	Dec. 21, 2020

The payment of dividends in the future will depend upon the Parent Company's earnings, cash flow and financial condition, among others. The Parent Company may declare dividends only out of its unrestricted retained earnings, except in the case of stock dividends which may be declared out of paid-in surplus. Any dividend declaration will likewise be subject to the provisions of any existing shareholders' agreement/s and to any prior consents required under the Parent Company's loan documentation with its bank creditors.

The Parent Company may pay dividends in cash, by the distribution of property, by the issuance of shares of stock, or a combination of any of the foregoing. Dividends paid in cash or property are subject only to the approval of the Board of Directors. Dividends paid in the form of additional shares are subject to approval by both the Board of Directors and stockholders representing at least two-thirds (2/3) of the outstanding capital stock of the Parent Company at a stockholders' meeting called for such purpose.

Section 42 of the Revised Corporation Code, however, requires that corporations with surplus profits in excess of 100% of their paid-up capital should declare and distribute the amount of such profits in the form of dividends, except when the retention is justified by definite corporate expansion projects or programs approved by the Board of Directors, or when the consent of creditors is required under any loan agreement, or when it can be clearly shown that such retention is necessary under special circumstances.

Recent Sale of Unregistered Securities

The Parent Company has not had any sales of unregistered securities during the past three years.

Description of the Company's Shares

The Parent Company's securities consist entirely of common stock with par value of ₱1.00 per share.

Management's Discussion & Analysis of Financial Condition & Results of Operations

Hereunder is management's discussion and analysis of the significant factors affecting the financial performance, financial position and cash flows of the Parent Company and Subsidiaries (collectively referred to as the "Group"). The discussion and analysis should be read in conjunction with the accompanying audited consolidated financial statements and the notes thereto as well as the schedules and disclosures set forth elsewhere in this report.

Financial Conditions and Results of Operations

Results of Operations

Year Ended Dec. 31, 2022 vs. Year Ended Dec. 31, 2021

The Group registered total comprehensive income of ₱1,294.7 million in 2022, 8.1% better than the previous year's level of ₱1,197.7 million, as all business segments delivered higher results in 2022.

The improved performance in 2022 translated to a consistent double-digit return on average equity and higher earnings per share of 13.06% and ₱0.85, respectively.

Equity share from the earnings of the investee companies (namely, KSPC and MECO) comprised the bulk of the Group's total comprehensive income in 2022, accounting for 71% of the total. The investee companies' contribution of ₱925.4 million in 2022 was 6.6% more than the ₱867.8 million in the previous year. KSPC benefited from the resurgence of strong power demand and high spot market prices. The drop in the volume of contracted sales was made up by the stellar performance in the WESM. On the other hand, MECO posted steady recovery from the impact of coronavirus pandemic and typhoon Odette.

The generation business segment, which made up 27% of the group's net income, pitched in ₱349.6 million, 10.0 % higher year-on-year. The power plants actually had lower overall capacity utilization of 71% in 2022, versus 75% in 2021, due mainly to the impact of typhoon Odette in December 2021 spilling over the first two months of 2022. However, its contribution to the consolidated net income was higher as compared to the previous year due mainly to recoveries of fuel costs incurred in the previous year for rendering ancillary services.

The power distribution unit (namely, BLCI) accounted for the 2% balance of the pie. It recorded a turnaround in the fourth quarter of 2022 resulting in income contribution of ₱19.8 million for the whole year of 2022, 72.8% higher than the ₱11.5 million recorded a year ago. This was attributed to partial recoveries of previously unrecovered cost of purchased power. It was also helped by the accrual of unbilled revenues in December 2022 which was nil in the same period last year due to typhoon Odette.

Consolidated revenues rose by 55.9% to ₱3,850.0 million in 2022, from ₱2,469.4 million in 2021, due mainly to higher pass-through cost of services.

Cost of services increased substantially by 68.5% to ₱3,290.2 million in 2022, from ₱1,952.5 million in 2021, due mainly to high price of purchased power as well as increases in global fuel prices.

As revenues grew faster than costs of services, **gross margin** went up 8.3% to ₱559.8 million in 2022, from the previous year's ₱516.9 million.

General and administrative expenses increased by 21.2% to ₱249.3 million in 2022, from ₱205.7 million a year earlier, due mainly to: (i) marketing expenses incurred in behalf of an associate, and (ii) business development expenses for expansion projects that the Parent Company is seriously looking into.

Interest income dropped by 19.5% year-on-year, driven by lower rates for short-term investments. Furthermore, some funds set aside for power projects were placed in U.S. dollar-denominated short-term investments in 2022 as safeguard against peso devaluation. The very low interest income earned from the U.S. dollar-denominated short-term investments was more than compensated by huge foreign exchange gains from revaluation. Foreign exchange gains increased to ₱94.4 million in 2022, from ₱7.8 million only in 2021.

Service income was nil in 2022 as there was no technical, upgrading and maintenance services rendered to other companies during the year.

Other income - others increased by 87% to ₱41.9 million in 2022 from ₱22.4 million only in 2021 due mainly to: (i) more sale of scraps, bunker sludge and used oil; (ii) higher pole rentals; and (iii) higher income from penalties and surcharges as well as service and processing fees for new connections and reconnection of customers in the distribution business.

Year Ended Dec. 31, 2021 vs. Year Ended Dec. 31, 2020

The unprofitable operations of the Group in the fourth quarter of 2021 dragged the full-year consolidated net income in 2021 to ₱1,197.2 million, falling by 26.8% from ₱1,636.4 million in 2020.

With lower results, earning per share decreased to ₱0.80 in 2021 as compared with ₱1.07 in 2020. The performance also translated to a lower return on equity of 11.99% in 2021 versus 15.80% in 2020.

The Group's operations turned into a net loss of ₱178.7 million in the fourth quarter of 2021, in contrast to the average quarterly income of ₱458.7 million in the first three quarters of 2021. The poor performance in the fourth quarter of 2021 was attributed mainly to the following:

- (i) Typhoon Odette which barreled through parts of the Visayas region on December 16, 2021 and caused severe damages to power facilities (especially to distribution utilities). Wholesale Electricity Spot Market (WESM) operation in the Visas Grid, excluding Bohol Island, was resumed only on January 17, 2022. In the Bohol Island (where BDPP, PB 104 and BLCI are operating) WESM operation was resumed effective February 10, 2022; and
- (ii) Lower revenue of investee from sale of power generated and sold to Distribution Utilities/Electric Cooperatives brought about by lower prices and expired power supply contracts which were not fully compensated by the increase of available capacities sold to WESM.

By business segment, equity share in the earnings of investee companies contributed ₱867.8 million to the consolidated comprehensive income in 2021, down by 28.5% from ₱1,213.5 million in the comparable year-ago period. The power generation business segment contributed net income of ₱317.8 million, lower by 17.8% from last year. The power distribution business segment bore the brunt of typhoon damage as contribution to the current year's net income declined by 68.9% to ₱11.4 million, from ₱36.6 million a year ago. Furthermore, temporary lag in the recovery of purchased power costs exacerbated the woes of the power distribution business in Bohol.

Equity share in the earnings of investee companies accounted for 72.5% of the consolidated net income in 2021, while power generation and power distribution business segments accounted for 26.5% and 1.0%, respectively.

Consolidated revenues rose by 23.7% to ₱2,469.4 million in 2021, from ₱1,996.1 million in 2020, due mainly to higher pass-through cost of fuel and purchased power. Consolidated cost of operations also went up by 35.2% to ₱1,952.5 million in 2021, from ₱1,444.4 million in 2020, as a result also of higher pass-through cost of fuel and purchased power. As costs grew faster than revenues, gross margin decreased by 6.3% to ₱516.9 million in 2021 from the previous year's ₱551.7 million.

The Group reined in administrative and general expenses which increased only slightly by 1.1% to ₱205.7 million in 2021, from ₱203.4 million a year earlier.

Other service income substantially dropped to ₱40.0 million, from ₱120.0 million in the previous year, on account mainly of lower provision of technical and upgrading services rendered during the current period.

Interest income substantially dropped by 33.0% to ₱34.6 million, from ₱51.6 million, because of lower effective interest rate and lower amount of excess cash invested in short-term money market placements after payment of cash dividends.

Financial Condition

Dec. 31, 2022 vs. Dec. 31, 2021

The Group ended 2022 with consolidated assets standing at ₱11,607.7 million, 12.1% higher compared to the last audited balance of ₱10,352.9 million as at end-2021. The increase was due largely to the rise in the carrying value of cash and cash equivalents, trade and other receivables, and materials and supplies inventory.

Total liabilities also increased but at a much slower pace. It increased by ₱277.7 million only to ₱1,208.2 million, from ₱930.5 million last year. This was traced mainly to higher trade and other payables at the end of 2022.

Stockholders' equity grew by 10.4% to ₱10,399.5 million, from ₱9,422.4 million in 2021, due mainly to increase in the balance of retained earnings.

Financial ratios remained very favorable. Current ratio, debt-to-equity ratio, and book value per share stood up at 6.52:1, 0.12:1, and ₱6.95, respectively, from 7.21:1, 0.10 :1, and ₱6.30, respectively, in the previous year.

Further details of significant items that contributed to the changes in assets, liabilities and stockholders' equity are discussed below.

Details of changes in the balance of cash and cash equivalents are discussed in the section for **Cash Flows**.

Trade and other receivables increased by 42.1% to ₱695.8 million, from ₱489.8 million in 2021, due mainly to increase in revenues for the month of December 2022 that included higher pass-through cost of fuel and purchased power as compared to December 2021 which was affected by typhoon Odette.

Materials and supplies inventory went up by 19.9% to ₱467.5 million, from ₱389.8 million at the beginning of the year. The increase is attributed to the following: i) higher volume and price of fuel inventory, (ii) higher replacement cost of inventories used during restoration of damage caused by Typhoon Odette, and (iii) inventories recovered from the scrapping of PB 102 and PB 103.

Investment in associates decreased slightly by 1.3% to ₱5,432.5 million, from ₱5,505.2 million in 2021. The decrease reflected the net effect of the following: (i) decrease in investments due to cash dividends received from the investee companies amounting to ₱1,004.7 million, (ii) increase in investment due to fresh equity share in the earnings of investee companies amounting to ₱925.4 million, and (iii) increase due to remeasurement of employee benefits of the investee companies amounting to ₱6.5 million.

Trade and other payables rose by 44.8% to ₱777.0 million, from ₱536.7 million in 2021, due mainly to: (i) higher volume and price of purchased power by BLCI in December 2022 as compared to December 2021 and (ii) higher cost of fuel purchases in December 2022 resulting from global increases in the price of fuel.

Unappropriated retained earnings increased by 16.3% to ₱6,927.4 million, from ₱5,954.4 million. The net increase is reflective of the comprehensive income attributable to equity holders of the Parent Company amounting to ₱1,272.4 million in 2022, less cash dividends declared amounting to ₱299.3 million.

Dec. 31, 2021 vs. Dec. 31, 2020

Total assets stood at ₱10,352.2 million at end-2021, down by 9.5% from the end-2020 level at ₱11,440.0 million. The decrease in total assets was mainly a consequence of higher dividend payments made in 2021.

Total liabilities rose by 5.1% to ₱929.9 million as at end-2021. This was mainly on account of the increase in trade payables and customers' deposits.

The decrease in total assets and increase in total liabilities brought down **stockholders' equity** by 10.7% to ₱9,422.4 million in 2021, from ₱10,555.3 million in 2020.

The decrease in total equity resulted in book value per share declining to ₱6.30 from ₱7.05 at the end of the previous year.

Further details of significant items that contributed to the changes in assets, liabilities and stockholders' equity are discussed hereunder.

Trade and other receivables increased by 44.9% to ₱489.8 million, from ₱338.1 million in the previous year. This was attributed mainly to increase in trade receivables and accrual of additional cash dividends declared by MECO in December 2021 for payment on or before April 2022.

Materials and supplies inventory increased by 7.2% to ₱389.8 million as at end-2021, from ₱363.6 million at the beginning of the year. This was traced mainly to the build-up of inventories for fuel and maintenance spare parts for power generation and power distribution.

Prepayments and other current assets increased 38.9% to ₱76.3 million as at end-2021, from ₱55.0 due mainly to accumulated input VAT awaiting application against future output VAT.

Investment in associates decreased by 4.8% or by ₱277.6 million to ₱5,505.2 million as at end-2021 from ₱5,782.9 million as at end-2020. The decrease mainly reflected the net effect of the following: (i) decrease in investments due to cash dividends received from the investee companies amounting to ₱1,146.8 million and (ii) increase in investment due to fresh equity share in the earnings of investee companies amounting to ₱867.8 million in 2021.

Property, plant and equipment slightly decreased by 2.4% to ₱731.8 million, from ₱749.7 million. This was attributed to the net effect of the following: (i) increase due to new additions to property, plant and equipment amounting to ₱70.8 million; and (ii) reduction due to depreciation and disposal amounting to ₱85.9 million.

Other noncurrent assets decreased by 18.7% to ₱109.9 million from ₱135.3 million due mainly to amortization of cost recovery adjustment approved by ERC to be recovered by PSALM through the distribution business segment of the Group over a period of seven years from January 2018. The original amount of ₱257.6 million was booked as noncurrent assets pending collections by initially charging the customers as part of the generation charge over a period of seven years. See Note 29 of the consolidated financial statements.

Trade and other payables went up by 18.4% to ₱536.7 million at end-2021. However, this is in line with the increase in inventories to build-up fuel and maintenance spare parts for power generation and power distribution.

Customers' deposits grew by 6.9% to ₱186.8 million from ₱174.7 million due mainly to additional bill and material deposits received from customers.

Other noncurrent liabilities decreased by 33.7% to ₱72.4 million from ₱109.2 million due mainly to amortization of cost recovery adjustment approved by ERC to be recovered by PSALM through the distribution business segment of the Group over a period of seven years from January 2018. The original amount of ₱257.6 million was booked as noncurrent liabilities pending remittance to PSALM of the amount collected from customers. See Note 29 of the consolidated financial statements.

Unappropriated retained earnings decreased by 15.9% to ₱5,954.4 million as at end-2021 from ₱7,083.4 million as at end-2020. The net decrease of ₱1,129.0 million was accounted mainly as follows: (i) decrease due to cash dividends declared by the Parent Company amounting to ₱2,319.7 million; and (ii) increase due to comprehensive income in 2021 attributable to equity holders of the Parent Company amounting to ₱1,190.7 million.

Cash Flows

2022 vs. 2021

The year 2022 was characterized by robust cash flows that provide more financial muscle to start the long-term growth ambition of the Group.

Net cash inflows exceeded cash outflows resulting in a 35.1% increase in the balance of cash and cash equivalents to ₱4,031.4 million as at end-2022 from ₱2,984.1 million at the beginning of the year.

Major sources of cash and cash equivalents in 2022 were: (i) net cash provided by operating activities amounting to ₱369.6 million and (ii) cash dividends received from investee companies amounting to ₱1,004.7 million. These funds were partially used for: (i) payment of cash dividends amounting to ₱317.6 million, and (ii) new additions to property, plant and equipment amounting to ₱73.9 million.

2021 vs. 2020

Cash and cash equivalents decreased by 24.3% to ₱2,984.1 million as at end-2021 from ₱3,944.3 million at the beginning of the year. Net cash flows used in financing activities exceeded net cash flows generated from operating and investing activities.

Major sources of cash and cash equivalents in 2021 were from operating activities and cash dividends received from investee companies amounting to ₱300.4 million and ₱1,146.8 million, respectively.

The major applications of funds in 2021 were: (i) payment of cash dividends amounting to ₱2,325.7 million, and (ii) new additions to property, plant and equipment amounting to ₱70.8 million.

Key Performance Indicators

Earnings Per Share (EPS)

EPS is a measure of profitability representing net income attributable to equity holders divided by the weighted average number of shares outstanding as of the end of the year.

Share in Net Earnings of Associates

This indicates profitability of the investments and investees' contribution to the Group's net income. It is determined by multiplying the associate's comprehensive income or loss by the investor's percentage of ownership, less goodwill impairment cost, if any. Goodwill is the difference between the acquisition cost of an investment and the investor's share in the value of the net identifiable assets of the investee at the date of the acquisition.

Return on Equity

Return on Equity is derived by dividing total comprehensive income by average total stockholders' equity. This ratio indicates the level of profit earned by the Group in comparison with the total amount of stockholders' equity found in the statements of financial position. The higher the return on equity, the higher the Group's ability to produce internally generated cash flows. Moreover, the higher the Group's return on equity compared to other companies in the same industry, the better.

Return on Assets

Return on Assets (ROA) is derived by dividing total comprehensive income by average total assets. This ratio measures the ability of the Group's management to realize an adequate return on the total resources employed for the business. A high percentage rate indicates how the Group is well run and has a healthy return on assets employed.

Cash Flows

The Group uses the Statements of Cash Flows to determine the sources and application of funds for the period and to analyze and evaluate how the sources and uses of funds are being managed.

Current Ratio

Current Ratio is derived by dividing total current assets by total current liabilities. This ratio is a rough indication of the Group's ability to service its current obligations. The higher the current ratio, the greater the Group's ability to pay its current obligations.

Debt Ratio

Debt ratio is derived by dividing total liabilities by total assets. The ratio indicates the degree of protection provided for the Group's creditors. A high ratio generally indicates greater risk being assumed by creditors. On the other hand, a low ratio indicates greater long-term financial safety.

Debt-to-Equity Ratio

Debt-to-Equity Ratio is derived by dividing total liabilities by total equity. The ratio indicates how leveraged the Group is. It compares the resources provided by creditors against the resources provided by the stockholders in running the business of the Group.

Solvency Ratio

Solvency Ratio is derived by dividing the sum of total comprehensive income, depreciation and amortizations by the sum of long-term and short-term liabilities. This ratio provides another measurement of how likely the Group will be able to continue meeting its debt obligation. The higher the ratio, the greater the Company's ability to continue meeting its debt obligations.

Known Trends

Except as already discussed herein and disclosed in the notes to the consolidated financial statements, management is not aware of any other trend, event or uncertainty to have had or that are reasonably expected to have a material favorable or unfavorable impact on net sales/revenues/income from continuing operations. Management is likewise not aware of any other event that will trigger direct or contingent financial obligation that is material to the Group, including any default or acceleration of an obligation.

Any Significant Elements of Income or Loss from Continuing Operations

There are no significant elements of income or loss from continuing operations.

Material Off-Balance Sheet Items

There are no material off-balance sheet transactions, arrangements, obligations, and other relationships of the Group with unconsolidated entities or other persons created during the reporting period.

Material Commitments for Capital Expenditures

As of December 31, 2022 there are no material commitment for capital expenditures other than in the ordinary course of business to improve power generation and distribution facilities. Funding comes from internally generated cash from operations.

Seasonal Aspects

The Group does not have any seasonal aspect that has a material effect on the financial condition or results of operations.

Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

There are no changes in and disagreements with Accountants on accounting and financial disclosures.

External Audit Fees

For the annual audit of the Parent Company's and Subsidiaries' financial statements, tax advisory and other related financial advisory services, the aggregate fees paid to the independent auditors amounted to ₱1.6 million, ₱5.0 million and ₱1.5 million in 2022, 2021 and 2020, respectively, exclusive of VAT and out-of-pocket expenses. There were no other fees paid to the independent auditors other than for the above-described services.

Engagement of external auditor's services is bid out among qualified auditing firms. For the audit of the Parent Company's and Subsidiaries' annual financial statements, award is endorsed by the Board Audit Committee, recommended by the Board to the shareholders and approved by the shareholders during its annual meeting. Award of other services are approved by the Audit Committee as endorsed by the Internal Audit Department.

The disclosed business experience of the above Directors and Officers is for at least the last five years, unless otherwise indicated in their profiles.

Family Relationships

James Roy N. Villareal, a Director and Vice President of the Parent Company, is the son of Dennis T. Villareal, the Parent Company's President and Chief Executive Officer. Other than this, no officers and/or directors are related within the fourth civil degree either by consanguinity or affinity.

Involvement in Certain Legal Proceedings

None of the Directors and Officers were involved in the past five years in any insolvency or bankruptcy proceeding. Neither have they been convicted by final judgment in any criminal proceeding, nor been subject to any order, judgment or decree of competent jurisdiction, permanently enjoining, barring, suspending, or otherwise limiting their involvement in any type of business, securities, commodities, or banking activities, nor found in action by any court or administrative body to have violated a securities or commodity law.

Qualification and Election of Directors

The Parent Company has 11 directors. Under the Corporation Code, each director must be a stockholder of record at the time of election. The directors are elected by a plurality of votes at the annual meeting of the Parent Company each year. At each election of directors, every stockholder has the right to vote, in person or by proxy, the number of shares owned by such stockholder for as many persons as there are directors to be elected or to cumulate such stockholder's votes by giving one candidate as many votes as the number of such directors multiplied by the number of such stockholder's share, or by distributing such votes on the same principle to any number of candidates. Directors so elected hold office until the expiration of their respective terms and until the election and qualification of their respective successors.

Dependence on Certain Key Personnel

Dennis T. Villareal, the Parent Company's President and Chief Executive Officer, has contributed significantly to the overall success of the Group. The loss of his services could, therefore, have an adverse impact on the future performance of the Group.

There is no one particular employee or personnel who is not an executive officer but is expected to make a significant contribution to the business of the Group on his own.

Compensation of Directors and Executive Officers

1. Terms and Conditions of Employment Contract, Compensation Plan:

Except for the President and the Executive Director, the Parent Company's other Senior Officers are also regular employees and are similarly remunerated with a compensation package equivalent to thirteen (13) months' salary per annum. They also receive whatever year-end gratuity pay the Board extends to the managerial, supervisory, and technical employees of the Parent Company. These terms and conditions are included in the employment contract between the Parent Company and its Senior Officers.

The members of the Board of Directors are elected for a term of one year. They receive annual remuneration in director's fees, in addition to compensation of ₱27,777.78 per director on a per board or committee meeting participation. Moreover, members of the Board of Directors who perform executive functions are paid additional remuneration.

The aggregate compensation paid or incurred during the last three years and estimated to be paid in the ensuing year to the Parent Company's President and CEO, Executive Director, and five (5) most highly compensated Senior Officers are as follows:

STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR CONSOLIDATED FINANCIAL STATEMENTS

The management of **SPC Power Corporation and Subsidiaries** (the Group) is responsible for the preparation and fair presentation of the **consolidated** financial statements including the schedules attached therein, for the years ended December 31, 2022 and 2021, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the **consolidated** financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

The Board of Directors reviews and approves the **consolidated** financial statements including the schedules attached therein and submits the same to the stockholders or members.

SyCip Gorres Velayo & Co., the independent auditor appointed by the stockholders, has audited the **consolidated** financial statements of the Group in accordance with Philippine Standards on Auditing, and in its report to the stockholders or members, has expressed its opinion on the fairness of presentation upon completion of such audit.

Opinion

We have audited the consolidated financial statements of SPC Power Corporation and its subsidiaries (the Group), which comprise the consolidated statements of financial position as at December 31, 2022 and 2021, and the consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for each of the three years in the period ended December 31, 2022, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2022 and 2021, and its consolidated financial performance and its consolidated cash flows for each of the three years in the period ended December 31, 2022 in accordance with Philippine Financial Reporting Standards (PFRSs).

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Professional Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matter below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Revenue recognition from distribution of power

The Group's revenue from the distribution of power amounting to ₱1.35 billion represents 35% of total revenue in 2022 and arises from its service contracts to a large number of customers consisting of commercial, residential, government institutions and other customers located within its franchise area. This matter is significant to our audit because the revenue recognized depends on the completeness of electric consumption captured based on meter readings over the franchise area, as obtained on various meter reading dates; the propriety of the rates, computed and applied based on the Energy Regulatory Commission (ERC)-approved formulae, which vary depending on the types of customers; and the reliability of the billing system in processing transactions. Disclosures related to this matter are provided in Notes 3 and 23 to the consolidated financial statements.

Audit response

We obtained an understanding of the revenue recognition process, which includes capturing electric consumption, uploading captured electric consumption to the billing system, calculating billed amounts based on ERC-approved rates and uploading data from the billing system to the financial reporting system. We also evaluated and tested the design of the relevant controls over these processes. We also performed a test recalculation of billed amounts using the ERC-approved rates and formulae, and compared them with the amounts reflected in the billing statements.

Accounting for investments in significant associates

The Group owns 40% of KEPCO SPC Power Corporation (KEPCO SPC) and Mactan Electric Company, Inc. (MECO). As discussed in Note 10 to the consolidated financial statements, the Group's investments in these associates are accounted for under the equity method. As of December 31, 2022, the investments in these associates amounted to ₱5.4 billion (representing 47% of the Group's consolidated total assets), and the Group's equity in net earnings from these associates for the year then ended amounted to ₱0.9 billion representing 72% of the Group's consolidated net income. The accounting for these investments is significant to our audit because of the substantial amount of the Group's investments and equity in net earnings from these associates. Also, the Group's share in the net earnings of MECO is significantly affected by MECO's revenue recognition arising from its service contracts to various customers located within its franchise area. The recognition of such revenue depends on the completeness of the electric consumption captured based on meter readings conducted on various dates over the franchise area; the propriety of the rates, computed and applied based on the ERC-approved formulae, which vary depending on the types of customers; and the reliability of the billing system in processing transactions. Further, MECO is audited by other auditors.

Audit response

We obtained an understanding of the Group's process in recognizing its equity in net earnings of associates, including the understanding of their business transactions. Also, we coordinated and instructed the external auditors of MECO to perform an audit on the relevant financial information of MECO for the purpose of the Group's consolidated financial statements. We reviewed the risk assessment and audit strategy of the other auditors in light of any significant developments affecting MECO. We obtained the audited financial information of KEPCO SPC and MECO and recomputed the Group's equity in net earnings for the year ended December 31, 2022.

In addition to reviewing the relevant working papers of the other auditors, we also obtained an understanding of the revenue recognition process of MECO, which includes capturing electric consumption, uploading captured electric consumption to the billing system, calculating billed amounts based on ERC-approved rates and uploading data from the billing system to the financial reporting system. We reviewed the procedures performed by the other auditors to evaluate the design of the relevant controls over these processes and to test these controls. We reviewed the test recalculation of the rates using the ERC-approved rates and formulae, and the comparison done with the rate reflected on the billing statements, as performed by the other auditors.

Other Information

Management is responsible for the other information. The other information comprises the information included in the SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2022, but does not include the consolidated financial statements and our auditor's report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2022 are expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audits or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

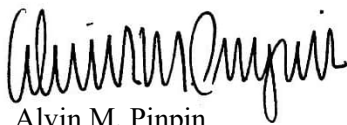

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
